

Upload a Patient ID Photo to the MyChildren's Portal

MyChildren's portal users are encouraged to upload patient ID photos to promote patient safety and reduce the chance of creating duplicate records.

Log in to your MyChildren's Portal

If you don't have a portal account, please sign up at mychildrens.org.

Select 'Account'

Choose option directly from homepage.

Choose 'Patient Photo Upload'

Choose option directly from the menu.

Select 'Edit'

A blue button will display at the bottom of page.

Select the pencil icon

Choose the icon next to the selected patient.

Choose the photo

Locate your saved photo on your desktop or mobile device.

Select 'OK'

Select 'OK' if you would like to use the photo.

Select 'Save'

Once your photo displays properly, select the 'Save' button at the bottom of the page.

Photos will appear on your MyChildren's Portal account after approval within 3 business days of submitting.
